THE NEWS OF BROOKLYN.

THE CHAPTER ON SCHOOLS. J. D. FROST FOR CHAIRMAN.

SOME OF ITS PROVISIONS DECLARED TO NEED AMENDMENT.

BROOKLYN WANTS A BOARD OF FORTY-FIVE MEMBERS-THE VIEWS OF AN EDUCATIONAL EXPERT-TOO MUCH POWER GIVEN TO

THE CITY SUPERINTENDENT. When the Charter Commission takes up the chapter on education to-day a committee of the rooklyn Board of Education will appear before it to advocate a variety of changes in the proposed as applied to Brooklyn. It is not improbable that some others connected with the schools, as, for example, the principals, may be heard from. committee of the Board was appointed some time ago, and at the September meeting, shortly after the publication of the preliminary draft, made a report in favor of continuing the present Brooklyn public school system unchanged. This was adopted by a large majority, notwithstanding the desire of ome of the strongest members that more time be

allowed for consideration of so important a subject.

It remained for one of those who advocated delay to devise a scheme for uniting the schools of Greater New-York, while at the same time allowing large degree of home rule to the several sections of the city, and that scheme, which originated with Charles N. Chadwick, is substantially the one adopted by the Draft Committee. Mr. Chadwick did not undertake to work out the details of the plan, leaving that for the men engaged in making the charter, and the chapter on education as published is far from meeting with his approval in all

One point which will be strongly insisted on by the members of the Roard who appear before the Com-mission will be that Brooklyn should continue to have a Board of Education of not less than fortyfive members. This was one of the points made Messrs, Dutcher and Woodford, as members of Sub-Committee on Education, and as Mr. Low, the other member of that sub-committee, pointed out, such a Board can be provided for Brooklyn without requiring any change in the scheme as a whole. There is a strong sentiment in Brooklyn in opposition to the plan of school inspectors, which is a feature of the new law in New-York City. It is felt that it is much wiser to have a large Board of Education, the nembers of which are in a position to look after the individual schools through total committees. main objection to the local committee system is that the power of appointing teachers is lodged in the hands of the committees, but by the law that power will be taken away, and no by members of the Board will remain.

A TOPSY-TURVY ARRANGEMENT.

A well-known citizen, who may be described as an expert in educational matters, and who is thoroughly familiar with the schools of Brooklyn, made some incisive comments on the educational chapter yesterday, and pointed out a number of things which in his opinion require extensive amendment. Said

I have not had time to read the chapter on edu cation with the care that should be expended on it. cation with the care that should require a man's whole it seems to me that it would require a man's whole time for several days to examine it properly. may say that, so far as I have looked into it, the ne as a whole is a good one, but it needs care ful revision as to details. The whole thing is extremely higgledy-piggledy. I don't know who of the factional line, into the hands of County drafted it, but he failed utterly to co-ordinate the Clerk Worth, and for his success he has been re-Instead of taking up one matter and finding all there is on that head, we read a section here, say about the Board of Education, or superintendents, or principals, or teachers, and then a few pages further on we find more on that same subject, then very likely it is taken up again after half a dozen more pages. The arrangement of topics could scarcely be worse, and if you wish to refer to any matter after reading it once, it is difficult to ed it again unless you have marked the place with

AN EMBARGO ON MAKING TEXTBOOKS. "Without attempting to criticise the chapter as a whole, I would like to call attention to two or three things that strike me as altogether wrong. In the

first place, look at Section 35. It reads:

"The Board of Education shall have power to remove from office any school officer who shall have een directly or indirectly interested in the furnishng of any supplies or materials, or in the doing of any work or labor, or in the sale or lessing of any real estate, or in any proposal, agreement or contract for any of these purposes, in any case in which or consideration is to be paid in whole or whatever, any commission or compensation and any school officer who shall violate the preceding provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding \$1,000, or imprisonment in the city prison not exceeding one year, or both, and shall also be ineligible to any stating the amounts and disposition thereof in

"Yes, I have read it just as it stands in the printed copies given out by the Commission. The last two clauses plainly have no connection with what goes before, and I have been unable to find where they belong, if anywhere, in the rest of the chapter. Now, the purpose of this action is excellent, but they have made it so comprehensive that I believe it would prevent any superintendent, associate superintendent, principal or teacher from engaging in the preparation of school books that might be used in the schools of the city. A number of such books have been prepared by men connected with the Brooklyn schools, and some of them are considered superior to other textbooks on the same subject. To make it a misdemeanor for a well-qualified school man to use the time that properly belongs to him in writing books on subjects which all his experience has fitted him to handle, I regard as most absurd and unjust. I do not believe the Draft Committee intended to de that, and so an amendment is required there. copies given out by the Commission. The last two

"Look at another section, one which gives un-heard-of power to the City Superintendent. Section 67 says that 'a member of the School Board or an associate superintendent may prefer charges against a principal of a school in a borough for gross misconduct, insubardination, neglect of duty dent, who may suspend said principal with or without pay, and appoint a substitute in his place, Thereupon the borough superintendent shall ap-point a commission, consisting of an associate sushool Board (neither of whom shall be the person who preferred the enarges) and a principal of a school in the borough of not less than five years' experience as a principal. Said commission shall try the case and report the evidence together with its conclusions of approval or disapproval to the City Superintendent of Schools, and such report shall recommend the fine, penalty or punishment, if any that should be imposed for the offence. The City Superintendent shall have power to review the report, and to confirm or reverse the same, and he may approve or disapprove the penalty frecommended, or may determine on the penalty frecommended, or may determine on the penalty irrespective of the recommendation of the Commission. The decision of the City Superintendent shall be final, and he shall indict the penalty, if any.

"In the following section there is substantially the same provision respecting teachers against whom charges may be preferred, and the same final power is given to the City Superintendent. I am not in the least surprised to hear that the principals and teachers are going to protest vigorously against such an arrangement. By this section, no matter if an accused principal or teacher is acquitted on trial, the Superintendent is to have power to review the proceedings and do exactly as he pleases. The placing of so much power in the hands of one man was never heard of before. It is monstrous. These sections need to be materially changed to make them acceptable. who preferred the enarges) and a principal of a

HEADS OF DEPARTMENT.

"There is one more point that I want to make. I heads of department, who are a most important the principal and the teachers, and see that the latter are rightly trained and do their work as they should. I know there is a feeling against the

valuable in bringing up the quality of the teaching to a high grade.

"There is no mention of such officers in the new charter, as far as I have read it, but there is a line in Section 34 which says: "No vice-principal shall be appointed in or for any school or department." Just what that means as affecting the heads of department I am not prepared to say. In a sines they are vice-principals, though not so called. Perhaps we should be able to retain them under some other name than the one they now have. All I can find in the chapter on education refers to principals and teachers. Some provision ought surely to be made for our heads of department, of whom I believe there are about one hundred, and who, as I have said, are a most important part of our school machinery."

FICTION DAY AT THE CIVITAS CLUB.

An interesting programme has been arranged by the Civitas Club for its fiction day meeting, which is to be held on Wednesday afternoon. Original stories will be presented by three of the members.

BOOTS FOR MAJOR WEINLEY.

WOODRUFF'S WARD WILL LEAD THE GENERAL COMMITTEE.

A HARD WORKER AND GOOD MANAGER-REWARD

FOR THE LIEUTENANT-GOVERNOR. Jesse D. Frost, of the Twenty-second Ward, has been slated by the Worth leaders as the next chairman of the Republican General Committee, and ur less some combination of circumstances now foreseen and entirely unexpected should present itself, he will be elected to succeed George II. Rob committee. Late on Saturday evening the Worth men held a caucus, which was attended by a dozer

or more prominent leaders. At this cancus Mr. Fros: was picked for the chairmenship, and Assemence was being held, and had been at a loss to know why he had not been invited. When Colonel Atell told him that he had been slated for the chairmanship he was more than surprised, as he the list of possibilities.

Yesterday afternoon a second conference was subject was considered in all its bearings, and Mr Frost finally said that he would take the place. His decision brought to an end the long hunt which was once before ended when Silas B. Dutcher agreed to take the place, but which began again last week, when Mr. Dutcher changed his mind

and persisted in withdrawing.

The successive selections of Mr. Dutcher, General Siewar: L. Woodford and Mr. Frost as candidates for the chairmanship show that those who mined to take the chairman from the Twenty-sec ond Ward, where Lieutenant-Governor Woodruff lives, and where the heaviest fighting was done this year in the primaries and the organization of the ward committee. The Lieutenant-Governor put up a hard fight to deliver the ward from the hands of his former ailies on Commissioner Willis's side warded by having the chairmanship of the General

Mr. Frost lives at No. 482 Eleventh-st. He is a Mr. Frost lives at No. 482 Eleventh-st. He is a native of New-Haven, Conn., and has lived in Brooklyn since 1880. Since he moved to Brooklyn his home hus always been in the Twenty-second Ward. He has been one of the hardest workers in the party in Kings County for ten years or more, but has never sought to be rewarded by public office. He has for several years been either secretary or president of the Twenty-second Ward Republican Association, but has never hefore the present time been a delegate to the General Committee. When the Ward Committee organized in December he was chosen as its executive member, it is believed that he was selected for the chairmanship largely through the influence of Assemblyman Abell, of the Twelfth District, whose campaign he managed last fall. His success as a position worker is demonstrated by Assemblyman Abell's victory over Charles H. Ebbetts, who this year was indorsed by both wings of the Democratic party, but who had been elected a year before by the Regular Democrats alone.

As predicted in The Tribune on Saturday, John K. Neal and Robert A. Sharkey will be the secretary and treasurer of the committee. It was said yesterday that the fight in the Twenty sixth Ward

N. Acad and Robert A. Sharkey will be the secre-tary and treasurer of the committee. It was said yesterday that the fight in the Twenty sixth Ward will be decided in favor of Congressman Israel F. Fischer and against Alderman Joseph R. Clark. The tide has been running against the Alderman since he was defeated for re-election as prosided.

A RECEPTION TO ANDREW CARNEGIE.

MORE ABOUT THE LIBRARY MEETING AT THE ACADEMY OF MUSIC NEXT THURSDAY.

sent out for the public meeting to be held next ception to Andrew Carnegle on account of the great interest he has shown in the establishment the purpose of deepening popular sentiment in favor of the establishment of such a library in Brooklyn, and especially to impress on the city authorities the importance of providing for the issue of bonds which they are already authorized to make for the erection of a library building.

As readers of The Tribune have already been

At the meeting of the Woman's Club which will on at the Lawrence Experimental Station, Law-rence, Mass." Miss Grace A. Van Everen; "The Sewage Farm at Vassar College," Mrs. H. H. Backus; "The General Water Supply of Cities," Dr. E. H. Bartley, professor of chemistry in Long Island College Hospital and consulting chemist of the Board of Health.

ginning January 12. The subjects will be "This Great City," "The City's Housekeeping," "The City's Froffle," "The City's Pressure" and "The City's Purse," Each lecture will be flustrated by lantern views, and admission will be free to the general public.

DO NOT TRIFLE!

WHENEVER YOU FEEL AT ALL OUT OF SORTS LOOK OUT FOR GRIP.-WHAT TO DO.

Nearly every physician, every scientist and every sufferer has been asking this great question: What is the Grip? Some have asserted that it is a dangerous microbe which comes into the system, breeds several millions every second, and seon overruns the body with dis ease. Others have said that we are passing through a region of star-dust, and that the minute particles are drawn into the body with every breath. Whatever it may be, it is certain that it is something within the body which is fighting with the body to undermine the

emergency? Counteract the enemy. Drive it from the system. Do not trifle with it. Act promptly and wisely at the first approach of the symptoms which you can readily detect. Take something which can counteract their Take something which can counteract their deadly influence. Spirits of some kind are the best things to take, and whiskey is preferable to any other kind of spirits. But it should be borne very carefully in mind that only pure whiskey will have the effect, and it should also be remembered that Duffy's pure malt whiskey stands at the head of all preparations and is the only medicinal whiskey upon the market. There are many unscrupulous dealers who will assure you that any whiskey will answer the purpose, but they are wrong, and are trying to deceive you.

NEW-JERSEY NEWS.

THE RAWSON TWINS PLEASED.

THEY ENJOY THEMSELVES IN JAIL AND SEEM TO BE PROUD OF THEIR RECORDS AS HIGHWAYMEN OF THE FIRST DEGREE.

Hackensack, Jan. 16 (Special).-Albert and Alpheus, the Rawson twins, who were arrested last night on charges of burglary and holding up the Eric baggage-master and his assistant at Ridgewood, had a pleasant day of it in Jall. The boys are passionately fond of card playing, and the first thing they did when Justice Smith committed them to jail last night was to ask Constable Noble to get them a pack of cards This the accommodating officer not only consented to do, but he removed a lot of papers from Justice Smith's desk and joined the lads in a game to "kill time till the train comes," continuing the pleasant pastime on the cars.

The boys are so familiar with the Hackensack that they feel perfectly at home in Sheriff Herring's care. They devoted a good portion of the day to "seven-up," stopping play long enough to attend divine service. They expressed them selves as perfectly satisfied with the situation and feel that great distinction has overtaken them. especially in the charge that they were princithe Ridgewood hold up, participation in which they neither affirm nor deny.

William B. Smith, who has been working on the while his neighbors were at worship, in order that he comes to Hackensack to stand trial for assaul-Justice showed a small fron safe, weighing about twins' gang of burglars from Montvale station last October and buried under an apple tree a mile The safe belonged to Justice Garret the house of Mrs. Leinstrum at Hillsdale, trying to steal the cornerstones from the churches in other depredations. Justice Smith took time to

The twins and their five daring comrades are the Woodcliff station the same night and robbing a yawning and ragges hole in evidence of the treatment it had received, and expressed the belief into the Maywood station. It was hinted that the recent hold up on the Holoken and Rutherford trolley road might be traced to the same source Then His Honor turned to Mr. Kelsey, a young "Till have it in a minute, 'Soulce," was the

out against the twins. Some months ago some-body carried a kit of burgiars' tools into Constable Duryea's house, which is near Justice Smith's office. The unknown man told the officer that the thirty pieces of iron belonged to a gang of seven the Rawson Rangers. The Constable marked each implement, and the man departed as mysteriously upon which the terrors were to be trapped

Having caught the twins yesterday, Justice Smith was after their working tools to-day, and his in-formation was so correct that he went to rest this

to make for the erection of a library building.

As readers of The Tribune have already been informed, the gathering in the Academy of Music will wind up a day devoted to library interests. On Thursday forenoon and afternoon sessions of the New-York State Library Association and the New-York State Library Association and the New-York Library Club will take place in Art Association Hall, in Montague-st, and at the diamer hour the librarians will assemble at the Charendon Hotel. Thence they will proaced to the Academy, where Mayor Wurster will precide and announce the names of the Learnd of Directors of the library which he is called on to appoint in pursuance of the recent action of the Common Connell, Bedse Mr. Carnegie will be Agademy, the speakers at the meeting will be Dr. Storrs and Mekli Liewey, the State Library.

The erron-ous impression has gone abroad that in addition to the dinner of librarians at the Clarendon, there is also to be a dinner on Thursday evening at the Hamilton Club, at which Mr. Carnegie will be a guest, and which will be attended by a number of prominent Brooklynics. It is true that Mr. Carnegie will not attend the dinner at the Clarendon, to which he was included but he declined only because he was to speak lateron, and did not care to take part in a public function an hour or two before making his address. It is true that Mr. Carnegie will not attend the dinner at the Clarendon, to which he was included but he declined only because he was to speak lateron, and did not care to take part in a public function an hour or two before making his address. He will accordingly dine quietly at the Hamilton Club, and from that place will preceed to the Academy. After the public meeting the transfer of the speakers, active members of the Brooklyn Public Library Association, and some others at the club mentioned.
